

Notice of Dredge or Fill Discharge Applications received from 6/07/2010

Report Generated On: Tuesday, August 17, 2010

File Number	Project Name	County	City	Federal/NF	Brief Description	Applicant Organization	Agent Organization	Staff
362010-07	Replacement of Southwest Gas Pipeline at Grout Creek	San Bernardino	Fawnskin	Federal	Replace existing gas pipeline at Grout Creek with new pipeline below existing footprint. Horizontal directional drill 6" sleeve for new 2" pipeline approximately 7 feet below existing pipeline.	Southwest Gas Corporation	Chambers Group, Inc	MKB
362010-06	Santa Ana River & I-215 Geotechnical Test Drilling	San Bernardino	Southern part of San Bernardino	Federal	Geotechnical testing (drilling of five 4-inch test bores). An 8 foot-wide balloon tired rig and perhaps small track drill rig will be used to bore 5 test holes, each approximately 4 inches in diameter.	California Department of Transportation (Caltrans)		MKB
362010-05	Santa Ana R. Dvrns Gabions	San Bernardino	SCE-owned lands in San Bernardino National Forest	Federal	Provide a stable access route and stability to the toe of the diversion dam from scouring and erosion. Installation of two sets of Hilfiker Artwed Gabions.	Southern California Edison	PBS&J	MKB
332010-20	Norco High School Storm Drain Extension	Riverside	Norco	Federal	Convey on-site flows without an existing flood channel. Extend and connect new storm drain to existing channel.	Corona-Norco United School District	Armstrong & Brooks	MKB
332010-19	Rancho Jurupa Sports Park	Riverside	Rubidoux	Federal	The outlet will be installed by excavating the bank, placing the 18-inch pipe, backfilling, and cementing the foundation.	Riverside County Redevelopment Agency	Regulatory Permitting Specialists	MKB
302010-32	Fitfth Street Bridge Replacement	Orange	Santa Ana	Federal	The proposed project consists of expanding the existing Fifth Street bridge from four lanes to six lanes with sidewalks. The new bridge will be approximately 92 ft. wide. Approaches to the bridge on the east and west sides are six lanes that transition to four on both the east and west approaches.	City of Santa Ana Public Works Department	City of Santa Ana Public Works Department	MKB
302010-31	Emmy to Shore Production Pipeline Support	Orange	Huntington Beach	Federal	The purpose of the project is to secure and structurally support an existing active oil production pipeline by filling a span of approximately 148 feet where previously underlying ocean bottom sand was eroded by currents.	Aera Energy LLC		MKB
302010-30	Boat Dock Constructions 2010				Folder containing boat dock construction and dredging applications for 2010.			MKB
302010-29	Santiago Basins Floating Pump Station	Orange		Federal	To construct a floating pump station that would allow Santiago Basins to transfer stored water to other OCWD facilities for ground water recharge purposes and provide storage capacity in the basins to capture water during storm events.	Orange County Water District		MKB
302010-28	SR 91 Debris Basin Cleaning Project	Orange	Anaheim	Federal	The proposed project consists of the removal of approximately 4,000 cubic yards of sediment and debris from the Coal Canyon Sediment Basin. Sediment and debris will be removed from behind the existing headwall to approximately 200 feet upstream from the headwall.	California Department of Transportation, Disrtict 12	California Department of Transportation, District 12	MKB
302010-27	Rhine Channel Contaminated Sediment Cleanup	Orange	Newport Beach	Federal	Remove contaminated sediments to restore and enhance currently impaired beneficial uses of the Rhine Channel, dispose of impacted material in an environmentally responsible and cost-effective manner, and improve navigation.	City of Newport Beach Harbor Resources	Anchor QEA, L.P.	MKB

File Number	Project Name	County	City	Federal/NF	Brief Description	Applicant Organization	Agent Organization	Staff
302010-26	Undercrossing Facilities Maintenance	Orange	Irvine	Federal	To conduct routine maintenance within the three undercrossing facilities: San Diego Creek Facility F05, Veeh Creek F23, and Veeh Creek Tributary 1 Facility. The project activity is the temporary discharge of fill material into approximately 2.59 acres of waters of the United Sates, associated with maintenance of three undercrossing facilities.	The Irvine Company	Glenn Lukos Associates	MKB
302010-25	Iron Circuit 12kV Line Deteriorated Pole Replacement	Orange	Lake Forest	Federal	The replacement of an existing wooden pole (Pole 2196270E) with a new pole within approximately 5 feet of its current location.	Southern California Edison	Dudek	MKB
302010-24	Santa Ana Regional Interceptor Line Relocation	Orange	Anaheim and Yorba Linda	Federal	Relocate SARI away from Santa Ana River flow path to protect and maintain wastewater conveyance service and also to enable Prado Dam emergency discharge up to 30,000 cfs without risking damage to SARI.	Orange County Public Works		MKB
302010-23	Bee Canyon Flood Control Channel Maintenance	Orange	Irvine	Federal	Excavation of mud, rock, debris and vegetation to restore the original flood design capacity of the Channel, consistent with baseline conditions.	The Irvine Company	Glenn Lukos Associates	MKB
302010-22	Gypsum Canyon Crossing	Orange	Anaheim	Federal	Place 48" -dia. cmp and fill with earth.	Roberstons		MKB
302010-21	Placentia Avenue Grade Separation	Orange	Placentia and Fullerton	Federal	Railroad grade separation including a 15’10" extension of a double box culvert within the Placentia Channel.	City of Placentia	LSA Associates, Inc.	MKB
302010-20	Boxcar Bridge Abutment Repair Project	Orange	Modjeska Canyon	Federal	Provide additional stabilization to the north bridge abutment and remove sediment accumulated following the 2007 Modjeska Canyon fires from an approximately 40-foot segment of Santiago Creek to return the creek to the pre-existing 5 foot bridge clearance.	OC Parks	ICF International	MKB
302010-19	SD Creek Main St to Alton Pkwy	Orange	Irvine	Federal	To remove and replace approximately 300 linear feet of existing failed rock riprap and underlying soil on the north side of the F05 flood control facility.	Orange County Public Works	Orange County Public Works	MKB
302010-18	1805 E. Bay Ave Dredging	Orange	Newport Beach	Federal	Remove sand build up under floating docks, deepen vessel berthing areas, restore sand to depleted beaches, and protect residences.			MKB
